

ADT eVerify Eligibility Status Descriptions (Fall 24, Spring 25)

See the Cal State Apply [Help Center](#) for applicant information about the eVerify process and status descriptions

Eligibility Status	Description for CCC staff users
Blank	Default status. The California Community College (CCC) has not reviewed record. This displays as “Pending Verification” in the applicants Cal State Apply account.
Completed; degree posted	Student has completed/earned the reported ADT and the degree is posted. The CSU campus will factor in admission priority degrees deemed similar to the selected CSU major.
In-progress, will complete by spring term (fall application)	Student is a declared ADT student in the correct major, has applied/notified CCC their intention to complete the degree (applied for graduation) for the spring term, and is on track to completing degree requirements.
In-progress, will complete by the end of fall term (spring application)	Student is a declared ADT student in the correct major, has applied/notified CCC their intention to complete the degree (applied for graduation) for the fall term, and is on track to completing degree requirements. <i>Note: Priority admission for spring using the ADT requires a completed degree by the summer term. The CSU may only accept the fall ADT for articulation benefits.</i>
In-progress, will complete AFTER spring (fall apps) AFTER fall (spring apps)	Use for cases where the applicant is pursuing the reported ADT and will complete all requirements after the term indicated.
Verification provided directly to student	Use for cases where student reported the incorrect ADT in the application or is earning the degree from another college in the district. The college can complete the paper verification for the correct ADT and/or additional ADT. The verification is provided to student who is responsible for submitting verification form to the CSU campus(es).
Not verified - Did not apply for graduation	Applicant did not submit a petition/application to graduate
Not verified - Earned/earning different degree	Applicant misidentified the degree on the application and did not earn or is not earning the degree they reported.
Not verified - Missing requirements and/or Missing Units	Applicant will not have all of the degree requirements (units, courses, GPA) to qualify for the degree.
Not verified - Other	Used at the discretion of the community college for scenarios outside of the other Not Verified status options.
Other ADT Version-Completed	Applicant mis-identified the ADT version they received. Rather than select Not Verified – Earned/earning different degree, users can select this status to report the other version for the ADT was completed. <i>Note: Currently the only ADTs with multiple versions are Bus Adm vs Bus Adm 2.0, Com Studies vs. Com Studies 2.0 and Public Health Science vs. Public Health. This status should not be used for students who misreported other ADTs.</i>

Other ADT Version-In progress will complete by fall (spring apps) spring (fall apps)	Applicant mis-identified the ADT version they will receive. Rather than select Not Verified – Earned/earning different degree, users can select this status to report the other version for the ADT is in-progress and on track to completion by listed term. (e.g., Bus Adm vs Bus Adm 2.0)
