Biographical Questions & Recommendations

What Students and Counselors Should Know

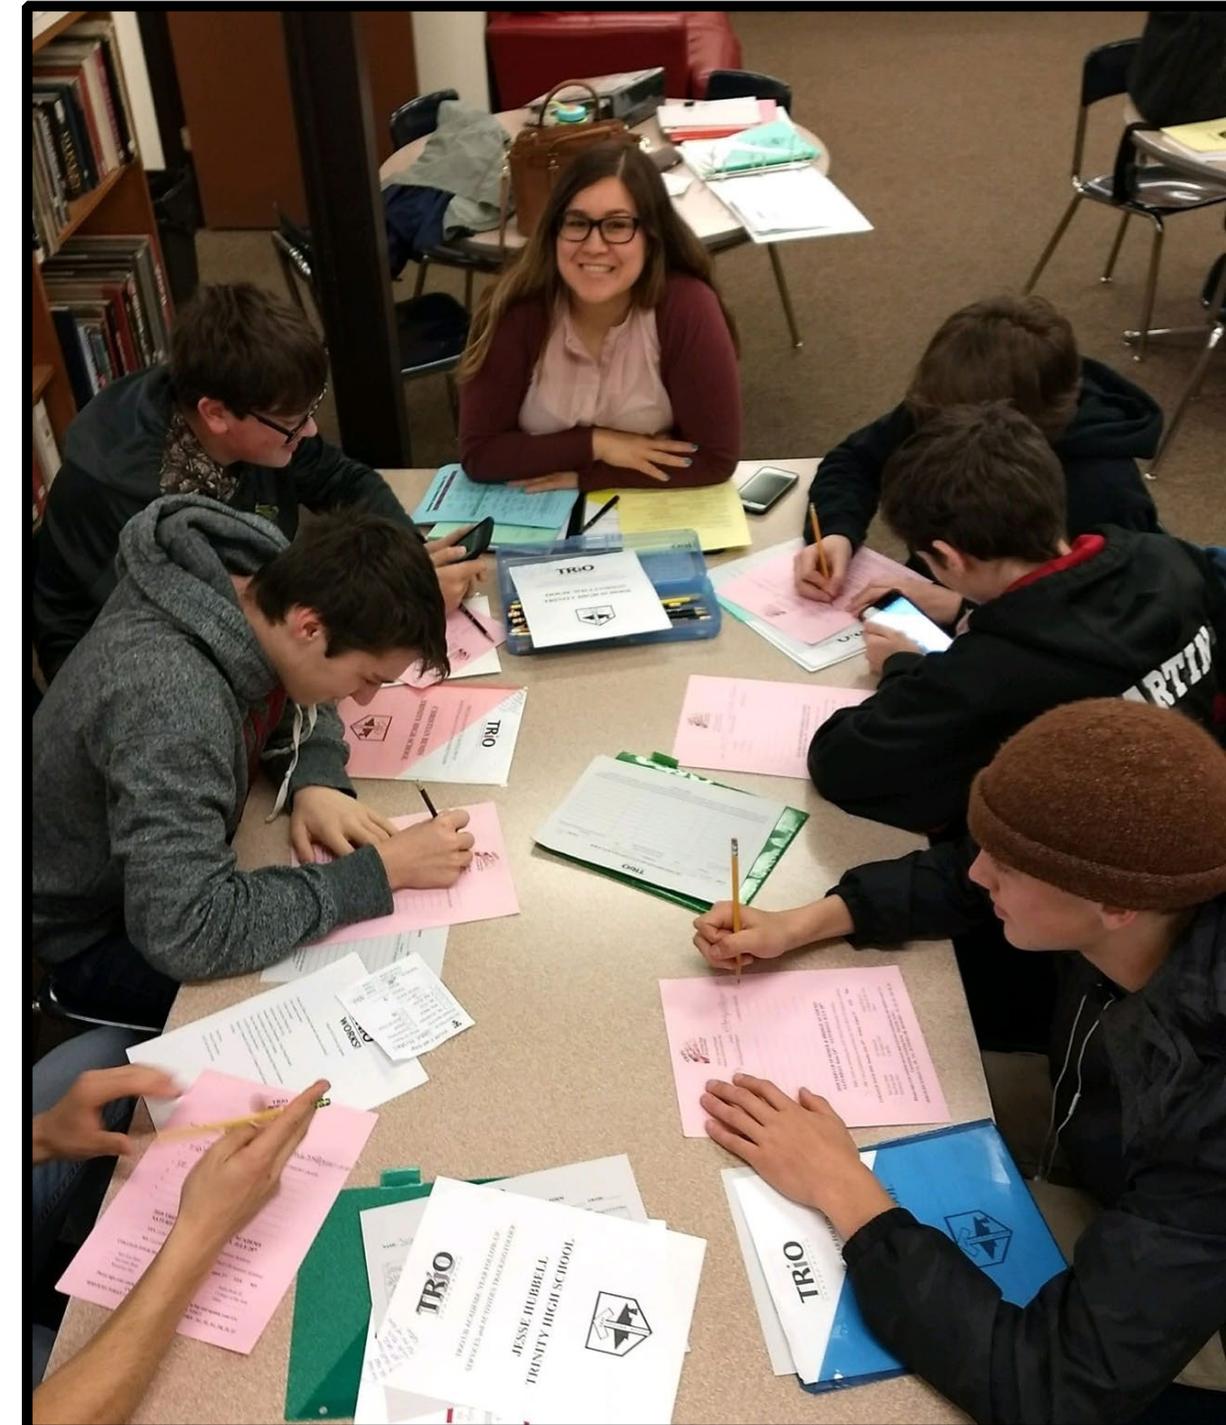

EOP Biographical Questions

The biographical questions listed below are included in the EOP application. It is recommended that you prepare your responses in advance and ask a teacher and/or counselor to help with proofreading. Having completed responses in advance will save time when completing the EOP application.

Answers to these questions will help EOP determine your eligibility to the program. Please be sure to respond as precisely and honestly as possible and expand on each answer. Use complete sentences and avoid responses such as "yes" or "no." *Responses to each question have a 2500-character limit.*

1. Briefly describe your family's economic background. Include information about your financial challenges.
2. Why would you like to attend college? Discuss your career and personal goals. Are there any particular circumstances, school experiences, or persons that influenced your preparation or motivation to attend college (e.g., cultural/financial background, family, teachers, schools you attended)? Please explain.
3. Briefly discuss your academic background. Did you utilize any additional support at your high school, such as tutoring? Do your grades in high school and/or college reflect your academic ability or potential?
4. List any volunteer, extracurricular activities, or work experience in which you are or have been involved in the past two years.
5. Is there any additional information you would like EOP to consider in determining your admission to the program?
