

**California State University  
Council on Ocean Affairs, Science & Technology**

**Dr. Krista Kamer**

**CSU-WATER Annual Meeting, April 19, 2024**

# What is COAST?

CSU-wide network of faculty members and students actively working to address critical ocean and coastal issues

# What does COAST do?

Supports research, education and student training to advance our knowledge of ocean and coastal systems

# Where does COAST work?

In the open ocean, coastal zone, and coastal watersheds in California and beyond!
